Procédez à la clôture du vote en sélectionnant **“Close election”**:

The screenshot shows the BeLenios administration interface for 'CoS #1'. The user is logged in as 'UPHF:ffarenea'. The page title is 'CoS #1 — Administration'. On the left, there are navigation links: 'Election home', 'Voter list', 'Voting records', 'Missing voters', and 'Regenerate and mail a password'. The main content area displays the message 'The election is open. Voters can vote.' Below this, there is a 'Close election' button with the text 'You may re-open the election when it is closed.' An alternative option is to 'setup automatic dates'. A note states: 'Note: times are in UTC. Now is 2020-05-10 16:29:44.' There are two input fields: 'Automatically open the election at:' and 'Automatically close the election at:'. A instruction says: 'Enter dates in UTC, in format YYYY-MM-DD HH:MM:SS, leave empty for no date.' A 'Change automatic dates' button is present. Below this, there is an 'Archive election' button with a warning: 'Warning: this action is irreversible. Archiving an election makes it read-only; in particular, the election will be definitively closed (no vote submission, no vote counting).' At the bottom, it says 'This election will be automatically deleted after 2021-05-10 17:05:06.' and a 'Delete election' button with a warning: 'Warning: this action is irreversible.' The footer contains the text: 'Propulsé par BeLenios 1.10 (1.10-124-ge96co43). Obtenir le code source. Politique de confidentialité. Administrer des élections.'

Puis à l'ouverture de l'urne en cliquant sur **“Proceed to vote counting”**:
